

Private Colleges and Universities

Private, nonprofit colleges and universities are included in this section. Private schools are privately owned and operated and, in addition to tuition and fees charged to students, receive a major portion of their funding from private donations.

All of the four-year private colleges and universities offer a bachelor's degree, while some offer a certificate, associate, master's and/or doctoral degree program.

Some schools chose not to participate or did not return information in time to be included in this edition of *Affording Higher Education*.
